City Market raises \$20,000 for Haiti

Wednesday, March 31, 2010

The City Market recently ended its four-week-long fundraiser for victims of the Haitian earthquake and presented two \$10,000 checks, one to the American Red Cross Lowcountry Chapter and another to Water Missions International.

Market Assistant General Manager Lee Gilliard said the 265 vendors "should be very proud of their accomplishment."

The money was collected through T-shirt sales and an online auction, and half of the \$20,000 raised came from a contribution from Anita Zucker and The InterTech Group.
